OBJECTIVE

As a quick learner and hard working person looking for a position as a Software Engineer in a dynamic software company where I can utilize my academic knowledge, previous experience and technical skills. It also provides me scope for updating my knowledge, I seek an organization that will help me contribute towards its vision while simultaneously aiding my career growth.

EXPERIENCE

App Developer

Vivacom Limited

February 2022 - Ongoing

- Haji Umrah Guide App** - Developed a comprehensive Flutter guide providing step-by-step rituals, interactive maps, checklists, and personalized schedules for pilgrims. Project links are given below-
